Mematikan step gerak repo kalo udah selesai

```
      #finished                                              "Step Gerak".
                                                              Reposition
        ┤ ├──────────────────────────────────────────────────────( R )──────
```
